## SUSTAINABLE TOWN

### Our Pledge,

In September 2015, UN Member States adopted the 2030 Agenda for Sustainable Development ("Transforming our World"). The 2030 Agenda is a plan of action for people, planet and prosperity and applies to both developed and developing countries.

The main focus of the 2030 Agenda is the 17 Sustainable Development Goals (SDGs). The 17 SDGs, reflect economic, social and environmental dimensions of sustainable development.

The Goals cover policy areas such as:

- ending poverty
- economic development
- protection of the environment
- access to health and education services
- gender equality
- peaceful societies
- human rights

Ireland has committed to achieving this goal; however we believe that this can't be achieved without the collective actions of Irish citizens.

A lot of successful actions are already happening throughout Ireland. These must be continued and built upon. We believe that local communities should also commit to take their own actions to achieve the goals and should have the work they are doing formally recorded and recognised.

We the undersigned make a pledge to:

- Adopt one of the goals that we will take action on in the coming year
- Record and share the work we are doing to achieve the goals
- Promote the SDG's and thePledge in our community

This confirms our commitment.
